# REVIEWS

As a designer, everything I select for my own home gets the same scrutiny as all my clients' homes. So I am ecstatic about my customized top-down-bottom-up honeycomb shades that Jesse helped me coordinate. He let me change my mind at least 8 times until I landed on the perfect combination: black frames to Bunny Gray honeycomb that coordinates beautifully with my Pella windows and frosted glass front door. All my clients enjoy their Bumble Bee Blinds installations, too! Thank you!

Our project scope varies from home to home, and Bumble Bee consistently steers us in the right direction. Their sales rep, Jesse Lees, gives each home personalized attention- bringing thought and consideration to the details that matter most. Quotes are delivered promptly, keeping budget and timeline in mind. And, most importantly, our clients love the product and final result. We are so happy to have Bumble Bee Blinds as a collaborator!
